RapidRoof

RAPIDROOF is LRS' unique, high performance, rapid curing, cold liquid applied range of waterproofing systems. With a typical curing time of 20 minutes our Rapid Range of products are suitable for year round application. Applied by brush or roller, RapidRoof is one of the fastest and most cost effective waterproofing options for both commercial and residential projects.

RapidRoof Range

Our RapidRoof range which includes; RapidRoof, RapidRoof Pro, RapidDeck & RapidGutter is designed to provide long lasting, tough, protective waterproofing and anti-skid coatings. Its special formula means that unlike most other systems, RapidRoof can be applied directly to most surfaces without the requirement for primer including but not limited to OSB3*, old felt, asphalt, metal, GRP, (concrete, masonry and asbestos with primer).

Become an Approved Contractor

Join Competent Roofer through our approved contractor training course allowing you to upgrade from an approved contractor to a Competent Roofer, for details of our next available course call our team on 01405 780444 or email:sales@meir-roofing.co.uk.
